Vidhyakorn Mahd-Adam

(+66) 82-703-5717 | Bangkok, Thailand | vidhyakornadam@gmail.com | github.com/vidhyakorn | linkedin.com/in/vidhyakorn | vidhyakorn.github.io/vma/

Education

Mahidol University Bangkok, Thailand
M.Sc. (Biomedical and Health Informatics) *2023*

- Thesis: "Mathematical Modelling To Assess The Impacts Of Using Mobile Health Technology For Cross Border Travel In Controlling Of The Covid-19 Pandemics In Thailand".
- Advisors: Assoc. Prof. Wirichada Pan-ngum, PhD., Assoc. Prof. Chawarat Rotejanaprasert, PhD., Dr. Panithee Thammawijaya, M.D., PhD.
- Defense Committee Chair: Prof. Lisa Jane White, PhD.

Sukhothai Thammathirat Open University Thailand
Bachelor of Public Health *2019*

- Graduated with a Bachelor of Public Health.

Work Experience

Consultant Researcher 2025 — Present
Mathematical and Economic Modelling Group, Mahidol-Oxford Tropical Medicine Research Unit (MORU), Faculty of Tropical Medicine, Mahidol University *Bangkok, Thailand*

- Developing dynamic transmission models for infectious disease research.
- Contributing to project coordination including ethics submissions, data administrative and analysis and field work preparation.

Medical and Data Assistant 2023 — 2025
Health Assessment Program, Migration Health, International Organisation for Migration (IOM Thailand) *Bangkok, Thailand*

- Supported health assessment programmes for refugees and stateless persons across UNHCR-led schemes in Thailand.

Claim Supervisor 2016 — 2021
Insurance Claim Department, Allianz Partners *Bangkok, Thailand*

- Supervised insurance claims.

Projects

Part of AHR-SEA, Mapping Inequities and Programmatic Profiles of Soil-Transmitted Helminth Interventions in Southeast Asia: A Systematic Review and Model-Based Network Meta-analysis (Mahidol University) 2026 — Present

- Conceptualised the study and protocol, and contributed to co-reviewing, data extraction, analysis and manuscript writing.

Researcher, Anthelmintic Resistance in Southeast Asia: Implications for Control and Elimination of Intestinal Helminths (AHR-SEA) (Funded by MMRC (UK), CHRD (Philippines), HSRI (Thailand)) 2025 — Present

- Coordinating project administration, including ethics board submissions, and data analysis.
- Managing field faecal sample collection, mass drug administration monitoring, socioeconomic surveys, and discrete choice experiments.

Modeller, Estimating an Economic Burden of Pneumococcal Disease and Economic Evaluation of the New Higher-Valent Pneumococcal Conjugated Vaccines Among Thai Older Adults (Funded by Thailand Research Fund) 2025 — Present

- Built an pneumococcal disease with age-structured dynamic transmission model for pneumococcal disease burden and evaluate the impact of adult and infant Pneumococcal-conjugate valent vaccine strategies on incidence and mortality.

Publications & Conferences

- **Publication:** Vidhyakorn Mahd-Adam, Chawarat Rotejanaprasert, Saranath Lawpoolsri, Panithee Thammawijaya, and Wirichada Pan-ngum, "Mathematical modeling of public health policy for international travelers (PHPIT): a case study of the COVID-19 pandemic in Thailand", BMC Public Health 26-68, 2025, doi: https://doi.org/10.1186/s12889-025-25811-5.

- **Conference:** Vidhyakorn Mahd-Adam, Panithee Thammawijaya, Chawarat Rotejanaprasert, and Wirichada Pan-ngum. "Data-driven mathematical model for cross-border control of COVID-19 Reopening of Thailand's border", Joint International of Tropical Medicine Meeting (JITMM), 2022.
- **Conference:** Vidhyakorn Mahd-Adam, Wirichada Pan-ngum, Chawarat Rotejanaprasert, and Panithee Thammawijaya, "Modelling of Health IT involved strategies in cross border controlling of COVID-19", Joint International of Tropical Medicine Meeting (JITMM), 2021.

Trainings

- **2026:** MIDSEA Summer School-2026: Track 3 Bayesian & Simulation-based Inference, MIDSEA Network, Sarawak, Malaysia.
- **2026:** Health Economics Workshop, Mahidol-Oxford Tropical Medicine Research Unit, Mahidol University, Bangkok, Thailand.
- **2026:** Health Policy Advocacy for Researchers Workshop, Mahidol-Oxford Translational Innovation Partnership (MOTIP), Bangkok, Thailand.
- **2025:** MORU & OUCRU Advance Statistics Course 2025: Analysis of Longitudinal and Correlated Data and Introduction to Bayesian Data Analysis, Mahidol-Oxford Tropical Medicine Research Unit, Mahidol University, Bangkok, Thailand.
- **2025:** MIDSEA Summer School-2025: Track 2 Simulation Techniques and Numerical Methods, MIDSEA Network, Yogyakarta, Indonesia.

Skills

- **Languages**: Thai (Native), English (Professional)
- **Data/Tools**: R, LaTex/Quarto/Typst, Data Analysis, MS Office Suite
- **Interests**: Computational Methods, Population Dynamic, Capabilities Approach, Biopsychosocial Model, Health and Well-being of 'Hidden, Invisible, and Hard-To-Reach Population', Social Theories of Health and Diseases, Health system and equity.
